The mission of the Slater Jett Meyers Foundation is to provide hope, comfort, assistance and advocacy to children who have suffered a birth injury. The Foundation's support helps these children gain independence and participate in mainstream activities. We hope to reduce the incidence of birth injuries by sponsoring educational programs that increase awareness of birth injuries. The net proceeds from our fundraising are donated to organizations that work with birth injured children. The Foundation supports initiatives that promote the physical, emotional, and social well-being of special needs children.

SPONSORSHIP OPPORTUNITIES

The names of all sponsors will be included in the dinner brochure for recognition during the evening program. Sponsorships that include golfers also include all of the day's events for each golfer.
